Collection no. 180 — E. South Australia & W. Victoria 1

K. H. L. Key

16–22. i. 1973

16/1.

48151.6. Modbury

155.5. Strip hills with brown soil. Goniaea australasiae, G. opomaloides, Themeda savannah woodlands with Chorizaetes terminifera, Macrotoma serrulata, E. camaldulensis to 50ft & mallee oats. Phaulacidium vittatum, Austrotettix vulgaris, to 3ft. occ. small patches of shorter Brachyscana tolipennis, Macrotoma serrulata, natural grasses & occ. Themeda Exocarpa includens australasis. Leading to dry sclerophyll forest with mallee to 12ft & fairly dense mixed shrubs to 4ft, incl. Casuarina spp. (2), Acacia armata, Olearia sp., occ. Xanthorrhoea, very coarse, to 4ft, occ. cyperaceous tussocks, a little grass to 1ft. some stone. Eastr. in oats.

158.4. Inglewood.

162.7. Chain of ponds.

166.6. Yamarracha

171.3. Birdwood.

176.2. Depression with E. camaldulensis

Macrotona australis, Phaulacridium vittatum
& E. leucoxylon (?) to 50ft. Sedges (2 spp.)
Gastrolobium microcarpum
1-2ft dense in places. mixed grasses
& forbs to 18in.

178.1. Mt. Pleasant.

186.5. Stony hills with occ. larger rocks
Austroicetes pusilla, A. vulgaris, A. frater,
& brown soil. Casuarina stricta to 12ft,
Chortoicetes terminifera, Macrotona australis,
thinned from woodland. Heavily
Oedaleus australis, Phaulacridium vittatum,
sheep-grazed grass pasture to 2in
Gamsonto. 6 sp. 2
sparse. Oats & other taller grasses
to 2ft along road, also Echium.
A. vulgaris around base of Casuarina,
Macrotona on roadside, together
with most Phaul.

189.4. Sandstone (at base of hills, on
extensive flat). Return.

212.1. Gunneracha.

215.9. Chain of Ponds.

216.6. Steep hillside with brown soil,
Phaulacridium vittatum, morabbie sp. P145a
sloping down to lake. E. obliqua &
occ. E. leucoxylon to 50ft. with some
shrubs to 2ft, Helichrysum spp. (2) to

1ft (Acrobina nymphoides), sedges to 1ft scattered, grasses 1-3ft. scattered.

22.0.6. Inglewood. (0.1 mi wooded).

17/1.

264.5. Birdwood.

280.8. Start of descent to plain. Roadside with stony brown soil on slope. Cerophiotes runicola, Macrotona australis, Cryptobothrips chrysophorus, Genus nov. 6 sp. 2 Acacia spp. (2), one succulent, other with dense green foliage. both phyllodinous, some regrowth of Casuarina stricta. All to 6ft + lower. Mixed grasses 6in to 2ft.

282.3. Turned right.

282.5. Patch of flat reddish-brown sand with Callitris robusta to 20ft. Oedaleus australis, Austroicetes frater, Heteropternis obscurella, Cryptobothrips chrysophorus, Rhagodia sp. to 1ft around base of trees, along with considerable litter. Macrotona australis, Pycnostictus scriptus, Phaulacridium sp. 3 A narrow-leafed Lomandra abundant in tussocks to 10in. Sparse grass to 1ft. Return Gastr. Chart

282.7 = 282.3. ~~Crossed over road~~ Turned right.

283.4. Sanderston. Turned off to W.

283.6. Near-virgin stand of mallee on brown sandy-loam flat. Mallee spp. (Macrotona australis, Eustrobopetes fraterculus, Genus nov. 6 sp. 2, morabine sp. P45 Fairly moderately dense to 15ft. with dense growth of Cassia spp. & occ. other shrubs to 4ft. Rhagodia sp., Bassia sp. & Helichrysum spp. (2) to 1ft (morabine on last), sparse grass to 10 in. occ. Lepidosperma to 1ft. Return. Chart.

286.2. Turned left.

293.5. Cambrai.

294.7. Slight rise with brown sandy loam & some aeolian limestone rocks. Mallee to 15ft mainly cleared, some regrowth. (Gonipea australasiae, Eustrobopetes fusilla, E. fraterculus, Macrotona australis) Occ. Melaleuca sp. to 6ft, Cassia spp. 1-5ft, Zygophyllum sp. to 1ft, Rhagodia sp. ditto, Bassia sp. to 6in, grasses to 6in. Chart.

299.3. Sedan.

306.7. Mallee to 20ft on brown loam with abundant aeolian limestone

Macrotona australis, Pesqueria sp. 5, stones + rocks. Almost flat. Scattered Senna nov. 95 ochracea, Apotropis vittata, shrubs of green-leafed Olearia, Phaulacidium sp. 3, Senna nov. 6 sp. 2, Eriachyphyllum sp., + a rigid twiggy shrub, v. occ. Eremophila sp., all to 1ft, occ. Gypsa linearifolium to 5ft; much litter + some bare ground. morabine sp. P50

317.6. Swan Reach.

323.2. Slight depression with brown Diolopy, Thalassimus, Pycnostichus sandy-loam. Heterodendron oleaefolium to 10ft + Callitris robusta to 20ft widely spaced, with fairly dense Dodonaea sp. 1-6ft + Cassia sp 1-3ft. Occ. spiny Acacia to 3ft. Dead grass tussocks occ, otherwise ground between shrubs bare.

336.6. Brown sandhill with mallee Arnisa gutfulosa to 10ft + cleared. Triodia irritans frequent on cleared part, rare on uncleared. Macrotonoid (not caught) in Triodia.

337.1. Road off to new well on left.

345.9. Crossed railway.

352.6. Road off to left to Moorook.

359.2. Road off to right to Mindarie

360.1. Crossed railway.

361.4. Road off to left to Moorook.

362.5. Gentle undulations of brown sand. Mallee to 15ft open, with Kochia spp. 1-3ft, Salsola kali, Mesembrianthemum & another aizoaceous herb to 6in, onion grass to 9in, occ. other grasses, much litter under mallee plants, also Rhagodia sp. to 2ft.
Urnisa guttulosa, Phaulacridium sp. 3 (♂)

372.4 Turned right into Waikerie-Loxton road.

377.1 Loxton.

18/1.

378.4 Loxton.

380.8. Turned left from Waikerie road.

387.7. Flat, with brown sandy loam. Mallee to 15ft open, with Kochia spp.
Gonialea australasiae, Macrotona australis, Chortoicetes terminifera, Phaulacridium sp. 3.

to 1ft, occ. Atriplex vesicaria to 2ft, Bassia spp. to 6in, patches of tussocky grass now to 10in. Acacia spp. (3) & Dodonaea sp., all to 6ft scattered.

388.9. Road off to Pata on left.

394.7. Veitch

397.6. Wintrena. Gently undulating brown sand. Phaulacridium sp. 3 Mallee to 12ft, with occ. Melaleuca sp. to 6ft, Acacia sp. to 4ft, Triodia irritans frequent to 1ft, occ. Kochia spp. to 10in. Much litter, some bare ground.

400.6. Alawoona.

406.7. Cobera.

411.5. Gently undulating brown sand. Phaulacridium sp. 3, morabine sp. P121 Mallee to 20ft dense & cleared along road. Occ. Melaleuca to 6ft, Acacia sp. & Canna sp. to 4ft, Olearia spp. (3) to 2ft. Crustangia rigida to 1ft, occ. Kochia sp. to 1ft, prostate Eremophila sp. (spec.) to 9in (morabine & Monoitria unpleasa Eremophila glabra (R. Br.) Ostenf.

this). small patches grass to 1ft, a few
Other shrubs to 2ft.

412.4. Wambi.

419.2. Mindaine.

426.3. Halidon.

429.8. Sandalwood.

437.2. Bonika.

442.7. Undulating yellow sand with
Acacia rigens, A. gutulosa, Macrotona
mallee to 12 ft + Callitris verrucosa to
australis, Plectaneidium sp-3
same, dense & regrowth after clearing.
Among regrowth Acacia spp., Olearia
sp., an Eremophila (?) to 2ft (small
mauve flowers, perhaps latrobei), another
dense green prostrate shrub to 10in.
Much bare ground.

447.4. Karsonda.

458.0. Wynarka.

463.0. Road off to left to Tailem Bend.

467.8. Cleared from mallee to 15ft on
Cirphula jungi, Austrodicetes prates, Acacia
yantha undulata brown & pale brown
gutulosa, Macrotona australis, Maireana
sand. Melaleuca sp. abundant to
marcan

6ft on inclines. Cleared with regrowth
smaller to 3ft. broombush to 2ft,
Melaleuca sp. & other small shrubs,
some microphyllous to 1ft, occ. sedges
+grass.

470.1. Road off to left to Tailem Bend.

488.6. Murray Bridge.

491.

493.8. Murray Bridge

501.8. Crossed railway.

502.8. Flat with pale brown sandy
loam. E. Eucalyptus to 30ft + smaller to
15ft, succulent Acacia to 10ft. Cassinia
sp. to 5ft. Cassia sp. to 3ft. Rhagodia
spp. (?) to 18in, some grass to 1ft +
occ. Dianella to same.

503.0. Crossed railway

508.1. Turned left.

508.7. Road off to right for Callington

516.7. Woodchester.

523.2. Strathalbyn.

532.9. Road off to left to Clayton Bay. One Xanthorrhoea along road — first sign of heathy country on 17-19th.

533.9. Crossing Rise. Flat with whitish soil. Reeds & sedges to 3ft, dense ? Gahnia to 10 in. Bordered by Acacia & Leptospermum to 6ft. Acrida, Gastr., Aiol.

536.4. Road off to right to Meadows.

539.5. Crossed railway

541.8. Road off to Victor Harbour on right

543.3. Heath remnant on rise along railway. Mallee to 8ft scattered, occ. Casuarina to 10ft, Acacia sp. to 2ft, various microphyllous shrubs to 1ft (incl. Correa sp.), much coarse sedge & some fine. Acrida (n.)

545.0. Goolwa.

545.5. Turned left off Victor Harbour road

21/1.

48857.2. Turned off main road just E. of Kiata on road to Little Desert

National Park.

863:6. Little Desert National Park.
Austrostipa ofrater, Senus nov. 95 ochracea,
starting point of tracks & camping ground.
Melaleuca australis
E. leucoxylon to 80ft. with Callitris sp.
to 15ft, Hakea sp., Acacia sp., & Leptosper-
mum sp. to 8ft, Acacia spp. to 3ft,
Lepidosperma to 1ft in places, some
grass to 1ft, on marly flat brown
sand with purplish lateritic nodules.
22/1.

48929.8. Rainbow

760.0. Drain entrance to Wyperfeld
National Park.

49078.9. Hattah Lakes. Fringes with
Monistria pustulifera,
E. camaldulensis. Shore, with mixed
green mass to 6in, mainly only 1in,
including a semi-succulent Compositae.
